

# TRADER JOE'S®

## KOSHER PRODUCTS

We sail the culinary seas in search of new and exciting products. How does this affect our kosher shoppers? Because our products span the globe, you may spot kosher symbols that you do not recognize. Our list was compiled to help you easily identify the wide range of kosher products we carry in our stores. We have included an appendix of kosher symbols found on Trader Joe's Products so you can become more familiar with the governing agencies that may not be from your neighborhood.

Please note that this list is not all-inclusive, but it's a pretty good overview. Please be sure to check your produce, bakery and dairy sections for even more kosher products (these sections tend to vary by region in order to ensure the utmost freshness!). We try to keep this list as up to date and as accurate as possible, but we do introduce and discontinue products all the time, so keep your eyes open.
